UNDER 37 CFR §1.26Commissioner for Patents
P. O. Box 1450
Alexandria, VA 22313-1450

Sir:

A request for refund of the extension of time fee paid by credit card authorization on June 15, 2007 is being made based upon the fact that this fee was paid by mistake and is in excess of that required, which in this case was zero (0). The credit card authorization in the amount of \$225 is dated June 15, 2007 and is reflected on PAIR with an acknowledgment or entry date of June 18, 2007, which corresponds to the date stamped by the Patent and Trademark Office Mailroom.

The mistake occurred in the following manner.

There was an *Ex parte Quayle* Action dated February 2, 2007 with an indication that all pending claims were allowed. In that Action, there was a request for replacement drawings and the initial set submitted were found to be non-compliant based on what appears to be a telefaxing, scanning, or photocopying error. Regardless of the reason, Applicant's attorney received a Notice of Non-Compliant Amendment. That document

I hereby certify that this correspondence is being
telefaxed to the United States Patent and
Trademark Office onAugust 8, 2007

acknowledges a one month time window in which to respond and effectively re-sets all of the time tables in this application. This Notice also indicates that extensions of time are available under 37 CFR 1.136 if the Non-Complaint Amendment was filed in response to a *Quayle* Action.

As Applicant understands the rules, this Notice re-started the time window and since the Response to that Notice was filed June 15, 2007, that filing was within the allotted one month time period. Accordingly, the two month extension of time was not necessary and requesting that two month extension of time was a mistake on the part of the undersigned attorney of record.

Based upon these facts and showings, a refund in the amount of \$225 is requested to be credited to the credit card account as reflected in the United States Patent and Trademark Office records for the subject patent application.

Respectfully submitted,

By James M. Durlacher
